

International Symposium on Green Science 2011

20th September 2011

Media Hall, Asakura Campus
Kochi University

Invited Speakers

Prof. Shouhua Feng

State Key Laboratory of Inorganic
Synthesis and Preparative
Chemistry, Jilin University,
China

Prof. Yoon-Bo Shim

Institute of BioPhysio Sensor
Technology,
Pusan National University,
South Korea

Prof. Jie Tao

College of Material Science and
Technology,
Nanjing University of Aeronautics
and Astronautics, China

Dr. Debbie Silvester

Nanochemistry Research
Institute
Curtin University,
Perth, Western Australia

Time Schedule

- 9:50-10:00 **Opening remarks**
- 10:00-11:00 **Dr. Debbie Silvester, "Electrochemistry in Room Temperature Ionic Liquids"**
- 11:05-12:05 **Prof. Jie Tao, "Hydrothermal Synthesis of Flexible One-dimensional TiO₂ Nanoarray Films and Their Photoelectrochemical Properties"**
- 12:05-13:00 **Lunch time**
- 13:00-14:20 **Poster Presentations**
- 14:30-15:30 **Prof. Yoon-Bo Shim, "Applications of Electrode Materials to Biotechnology (Biosensors and Biofuel Cells)"**
- 15:35-15:55 **Dr. Kenji Matsumoto, "Application of Artificial Siderophores to Iron-supplying Agents for Plants"**
- 15:55-16:15 **Dr. Tadaharu Ueda, "Synthesis and Characterization of Novel Polyoxometalates"**
- 16:15-16:35 **Dr. Shuntaro Tsubaki, "Microwave-assisted Hydrolysis for Biomass Refinery"**
- 16:45-17:45 **Prof. Shouhua Feng, "Hydrothermal Reactions of Carbon Dioxide towards Green Chemistry"**
- 17:45-17:55 **Closing remarks**
- 19:00- **Banquet**

ENQ: Tadaharu Ueda
E-mail: chuji@kochi-u.ac.jp
Tel: 088-844-8299
